Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

(Prof. Loyce Runolfsson Jr.)

DRIVING TOWARDS DISASTER: SURVIVAL OF THE BEST PREPARED

Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.How could this post apocalyptic tale of driving to a disaster get any worse? After a mega hurricane impact and an existing major pandemic threatens the Gulf States, it looks like it will shut humanity down in the good old U.S.A. The author adds the impending doom of governmental martial law imposed, societal collapse based on economic and food riots and the hero is not home yet as an oil spill makes its presence known. Book two of this trilogy paints a foreboding fictional picture of a possible and all too likely true scenario of a what if Armageddon. Do what? Do more Preps? Maybe we don t and die.
