LOOKING FOR A FIGHT: IS THERE A REPUBLICAN WAR ON SCIENCE?

[DOWNLOAD](#)

Parlor Press. Paperback. Book Condition: New. Paperback. 104 pages. Dimensions: 8.3in. x 5.4in. x 0.3in. From stem cell research to intelligent design to global warming, political conflict over science is heating up. In his 2005 bestseller, *The Republican War on Science*, journalist Chris Mooney made the case that, again and again, even overwhelming scientific consensus has met immovable political obstacles. And, again and again, those obstacles have arisen on the right—from the Bush administration, from coalitions of Republicans and from individually powerful Republicans. As the new paperback edition announces, Mooney's book, brings this whole story together for the first time, weaving the disparate strands of the attack on science into a compelling and frightening account of our governments increasing unwillingness to distinguish between legitimate research and ideologically driven pseudoscience. *Looking for a Fight, Is There a Republican War on Science* started life as a book event—an online, roundtable-style critical symposium on Mooney's work, hosted at Crooked Timber (crookedtimber.org). Eight contributors offered reviews, discussion and critical commentary. And Mooney responded to his critics. Now the event is a book, available here in print for the first time and online (for free download at parlorpress.com). Man, you guys worked me hard . - Chris Mooney This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
