Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

iUniverse, United States, 2009. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the deepest recesses of the human mind, to the brightest centre of the cosmos. From the dark despair of yesterday, to a shining hope for tomorrow. From the strength of a helping hand, to the weakness of a broken heart. From the bondage of life, to the freedom in death. A hundred possible questions; a thousand probable answers. The poetry of Chaos touches upon a myriad of topics, from the turbulence of internal emotions, to the expression of external events, to an imagination of possibilities that could be. This is a journey: a journey of emotions set free. This is a world: a world of questions let loose. This is art: art that is a reflection of life. This is life: life that is an imitation of art. This is love, this is loneliness. This is prosperity, this is futility. This is Chaos.
