By Rolston Holmes

Templeton Foundation Press, U.S., United States, 2007.

Paperback. Book Condition: New. 231 x 150 mm. Language:

English . Brand New Book. This landmark book, first published in 1987, is now back in print, with a new introduction by its award-winning author. An interdisciplinary approach to the central themes of scientific and religious thought, this book was widely heralded upon its publication for the richness and depth of its contribution to the science and religion dialogue.

notable for its breadth and depth . . . filled with admirably argued and powerfully presented treatments of critical issues.

Joseph Pickle, Colorado College, Zygon: Journal of Religion and Science a superb and subtle book. David Foxgrover, Christian

Century a monumental work . . . [T]he book is truly outstanding. John H. Wright, Jesuit School of Theology, Berkeley, Theological Studies Rolston's presentation of the methods of science, along with up-to-date summaries of the main achievements of the various sciences, is commendable for its clarity and critical acumen. Choice According to Holmes Rolston III, there are fundamental questions that science alone cannot answer; these questions are the central religious questions. He uses the scientific method of inquiry to distill key issues from science, and then he integrates them in a study that begins with matter and moves through...
