

Fallacies of Evolution: A Series of Three Lectures

By John D Charles

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Great difficulty is being experienced in finding text books in science that are free from the unscriptural teaching of evolution, or the descent of the species. This is especially true of text books on biological subjects. The baneful effect on the minds and lives of students who receive their training in science from such textbooks is very apparent. That there is no conflict between true science and the Scriptural account of the Creation and the condition and development of both animal and vegetable life is conceded by many of the best scientists and theologians in fact it is the only position allowable to those who accept the inspiration and inerrancy of the Word of God. The conviction that the Bible account can be fully established by scientific facts, and the great need of teaching the harmony between the Bible record and scientific investigation gave rise to the contents of this little volume. These three lectures were given before the student body during the Special Bible Term of Hesston Academy and Bible School in the month of...
